CIRCULAR

Sub : Short Term Internship Opportunity!

Applications are invited from interested students of Ramaiah College of Law to intern on a Project in the subject area of Intellectual Property Rights, specifically Geographical Indications. The Project is a joint initiative of **Ramaiah Intellectual Property Rights Cell** and **Vishveswaraya Trade Promotion Centre (VTPC)**, which is the designated nodal agency of **Karnataka State Council for Science and Technology (KSCST)** for the promotion and protection of Geographical Indications in Karnataka. This Project aims to study the current status of various Geographical Indications of Karnataka individually and submits the report to VTPC to facilitate the undertaking of various developmental activities for the promotion of GI.

The internship especially the field studies will give the interns a wonderful opportunity to get familiarized with the practical aspects of IPR (specifically Geographical Indications). This will also expose you to the world of legal research and report writing which will undoubtedly help you in both academics as well as legal profession in the long run.

Total Number of Vacancies: 6 (six)

- 4 posts are reserved for 3rd and 4th year LL.B students of Ramaiah College of Law.
- 2 posts are reserved for 2nd year BB.A LL.B students of Ramaiah College of Law.

Tenure of the Project: 25th October 2019 –10th December 2019

Responsibilities of Interns:

- Interns would be required to perform administrative and research-related activities for the successful completion of the project.
- Interns would be required to engage in field studies, interact with the artisans, collect information and prepare reports.

Qualifications

- Good verbal and written communication skills in Kannada and English required. (Proficiency in Hindi is desirable)
- Good record in academics and personal conduct.
- Commitment and dedication to work hard in a systematic manner to achieve the goals.
- Ability to quickly learn and adapt to situations and address challenges.
- Basic knowledge on the fundamentals of Intellectual Property Rights is desirable. The willingness to dedicate oneself to acquire the same is necessary.

Mode of Application

The interested candidates may send an email expressing their interest to be a part of the project along with a write-up of not more than 200 words on why they want to be a part of the Project to iprcell@msrcl.org before **21st of October 2019**.
